## Registration Process

- Registration for new students for the 2025-26 school year will begin on Thursday, January 9<sup>th</sup> at 7:30am. Requests for classes or schedules with limited availability will be honored on a first-come, first-served basis.
- To register, we will need a completed and signed Application for Enrollment (extras are always available in the office, so no worries if you forget to bring it), as well as a check or money order (non-refundable) for all applicable Registration, Enrollment, and applicable Senior Fees. Future tuition payments will be made via monthly bank draft.
- If you are interested in registering for a class or schedule which is no longer available, we will gladly place you on our waiting list. There is no fee or “risk” associated with our waiting list.
- We will do our best to accommodate your wishes and to make our registration process as easy as possible. Please call if you have questions or need additional information!
